\*Economic families: refers to the classification of economic families as couple families, lone-parent families or other economic families. Couple families - Those in which a member of either a married or common-law couple is the economic family reference person. Lone-parent families - Those in which either a male or female lone parent is the economic family reference person. Other economic families - Those in which the economic family reference person has other relatives but does not have a married spouse or common-law partner or a child in their census family.
