

2 Compartment Sink

SINK 1 – WASH AND RINSE

- Wash with warm water and detergent
- Rinse with clean water at a minimum temperature of 43°C (110°F)

SINK 2 – SANITIZE

- Sanitize for at least 45 seconds in any one of these:
- Chlorine* at 100 ppm
 - Quaternary ammonia at 200 ppm
 - Iodine at 25 ppm
 - Acceptable sanitizer
 - Clean water at a minimum temperature of 77°C (170°F)

*Use 2 mL of chlorine (bleach) for every 1L of water to yield ~ 100 ppm solution

Air dry
