INTRODUCTION

Overview

The Board of Health (Board) is an autonomous body responsible for the governance and oversight of Hastings and Prince Edward Counties Health Unit in accordance with Section VI – *Health Units and Boards of Health* of the Health Protection and Promotion Act (HPPA).

The Board oversees the implementation, management and advocacy for the health programs and services described in the HPPA and associated regulations. Specific programs and services can be found on our website at hpePublicHealth.ca.

HPEPH has strong community and inter-agency partnerships and, with a core staff of approximately 130 full time equivalents, prides itself on being an innovative, responsive local public health agency that can respond quickly to community needs. HPEPH has a main office in Belleville and service hubs in Trenton, Picton and Bancroft. The Medical Officer of Health and Chief Executive Officer is the Executive Officer to the Board of Health (Board) and is responsible to the Board for the management of the organization's public health programs and services as required by law.

Funding for programs at HPEPH are financed through the Ministry of Health, Ministry of Children, Community and Social Services, Health Canada, the Public Health Agency of Canada and the municipal sector. Municipal funding is based on a cost-sharing arrangement with the Ministry of Health.

Program requirements for HPEPH are provided through a comprehensive set of both program and organizational requirements that specify the expectations of a public health unit to provide health programs and services.

Although the legal name of the health unit is The Board of Health of the Hastings and Prince Edward Counties Health Unit, effective 2015, the Health Unit operates as Hastings Prince Edward Public Health (HPEPH).

Structure

The Board at HPEPH consists of both municipal members and appointed members. [Regulation 559](#) of the HPPA stipulates that HPEPH shall have eight municipal members, two each from the City of Belleville, City of Quinte West, County of Hastings and the County of Prince Edward. In accordance with the HPPA, the Lieutenant Governor in Council may appoint one or more persons to a Board of Health. Typically, HPEPH has had two provincial appointees. The maximum number must be less than the number of municipal members of the Board.

Municipal Board members are appointed for the duration of their term in public office or until the respective Council decides to change its representation. Provincial Appointees are appointed by the Ontario Public Appointments Secretariat with varying terms of one, two or three years.

Meeting Structure

During the first meeting of each year, the Board will:

- Elect a Chair and Vice-Chair
- Appoint Board members to standing committees. Current committees include the Finance and Governance Committees. An ad-hoc Property or Hiring Committee may also be appointed as required.
- A meeting schedule is distributed at the beginning of each year. The Board typically meets on the first Wednesday of the month from February to December and meetings are held in person whenever possible. No meetings are held over the summer unless required.
- The Finance Committee meets quarterly or as required on the fourth/third Wednesday of the month.
- The Governance Committee meets twice a year or as required on the fourth/third Wednesday of the month.
- The Board of Health is subject to the Municipal Act. Meetings follow the same procedures as municipalities.

Strategic Plan

Due to the provincial initiative, *Strengthening Public Health* and the endorsement by the Board of Health on October 4, 2023 to explore voluntary merger opportunities in accordance with Ministry of Health parameters, it was recommended that a formal strategic planning process for Hastings Prince Edward Public Health be deferred for a minimum of one year.

Expectations of Board Members

The governance package consists of by-laws, board policies and procedures and committee terms of reference which provides a comprehensive overview of how the Board operates. The Association of Local Public Health Agencies (ALPHA) provides a superb orientation and governance toolkit which all Board members are encouraged to review. The materials prepared by ALPHA provide detailed information on the history and programs of public health, roles and responsibilities of the Board and the Medical Officer of Health, common abbreviations, Acts pertaining to public health and other general governance information.

- 11.17 Nothing in this section shall prevent other proposed amendments from being read, for the information of the members.
- 11.18 When the question under consideration contains distinct propositions, upon the request of any member, the vote upon each proposition shall be taken separately.

 - a. Accountability ensures members of the Board accept responsibility for their actions and openly disclose the reason(s) that justify those actions.
 - b. Transparency implies honesty and openness, allowing outside parties to freely observe how decisions are made and implemented.

The land that we preside on today lies on unceded Indigenous territory. Our catchment area is adjacent to the Tyendinaga Mohawk Territory to our east, and the Kijicho Manito Madaouskarini Algonquin First Nation to our north. We recognize that when settlers came to this land they created a legacy of inequities that are ongoing. We are committed to reducing these inequities, and through our work strive to improve health equity.

We recognize the importance of the land and environment in establishing and sustaining optimal health, and we vow to respect this land as we undertake our work.

Our organization pledges to build relationships with Indigenous friends and neighbours and recognizes the rich contributions they have provided and continue to provide to this region.

This acknowledgment is a first step in our ongoing commitment to reconciliation.

2. An abbreviated land acknowledgment can be used for non-public facing events as deemed appropriate for Board gatherings including closed meetings, press conferences, recruitment processes, etc. Such decision will be at the discretion of the Chairperson residing over the meeting.
